WEATHER MAN PROMISES FAIR WEATHER FOR ALBUQUERQUE DAY; SUCCESS FROM ALL STANDPOINTS NOW ASSURED FOR STATE FAIR

BALMY WEATHER AND SPLENDID PROGRAM PULL ANOTHER BIG FAIR CROWD

Speed Program Proving One of the Great Amusement Attractions. Whole Program Speeded up on Midweek Day

ATTENDANCE EXPECTED TO HIT SKY TOMORROW

With Conventions Disposed of and Unusual Attractions Albuquerque Day Should be a Fair History Maker.

Three hundred boys and girls, the industrial clubs from twenty-three New Mexico counties, encamped at Camp Putney in the state fair grounds, paraded before the grand stand and around the track this afternoon before the fair's biggest crowd. They were given a tremendous ovation. It was the first time fair visitors had understood the extent and importance of the boys and girls' encampment.

The success of the New Mexico state fair this year from every standpoint of exhibits, attendance and finance is assured. Any possibility of a failure of the most complete success on any side was removed today by another great crowd at the state fair grounds, a crowd which broke yesterday's high gate record, and which it possible seemed to like the program, the exhibits and everything going with the fair better than the attendees at the opening.

This is the midweek day of the fair. Albuquerque day, the last day of the biggest fair, comes tomorrow and the attendance record is expected to go right through the deep blue sky that is helping so materially to swell the crowds pouring through the busy gateways.

Secretary H. W. Wiley stated this afternoon that day by day all previous fair attendance records have been broken. He expects them to go completely to smash with tomorrow's crowd.

For Albuquerque day, in addition to the great industrial parade tomorrow morning, an unusually strong program has been arranged at the fair grounds. It will be a big day in all ways, as no addition to the record breaking throngs of visitors all business in this city will suspect and an Albuquerque will be there.

Sunny skies and some weather again after the continuous thong in the New Mexico air can be no argument and another excellent program was carried out without an accident to day. The cool breeze was carried by a strong, contested program and resulted early in balloon ascents, glace carts, many other Indian sports and other attractions.

A very large delegation from Silver City and other towns in that country were present, however, and the Grand Councils were given an ovation. They visited the fair grounds and they responded with cheers and tokens showing their regard for the Indians who were seated in the grand stand and who paraded around the grounds, excited a little noise and then raised the noisy attractions after which they withdrew the jaws from the grandstand.

This evening a large number of the attractions are scheduled and visitors to the fair will not want to leave the fair grounds. A selection will be given by J. Charles Lockhart, while the four races were exciting.

Between now and the New Mexican Indians' stadium at the center field, they visited the fair grounds and they responded with cheers and tokens showing their regard for the Indians who were seated in the grand stand and who paraded around the grounds, excited a little noise and then raised the noisy attractions after which they withdrew the jaws from the grandstand.

This evening a large number of the attractions are scheduled and visitors to the fair will not want to leave the fair grounds. A selection will be given by J. Charles Lockhart, while the four races were exciting.

Miss Fannie Williamson recently elected queen of the pageant by the

Federation of Woman's Clubs during their Portales convention, will ride in an especially constructed boat which will be decorated for the occasion by the Woman's Club of this city. This will be one of the leading social features of the fair and society is expected to be well represented at the fair grounds this evening.

Grands and Festivals will do their famous elephant stunts wire net, the daring Whitehorns will execute their hand-to-death diving off a high platform into a tank of water.

The hospitality hall at the armory is expected to be largely attended, but the fair management has announced that the hall will not open until after the final evening's attraction at the fair grounds. It will be strictly informal.

This morning was a busy one for the various judges who are making the awards. They started their work shortly after 11 o'clock and will complete much of their work before evening. Judging is now being held in the county exhibit hall, the cattle, horses, fine arts and other exhibit halls and stock pens.

SOCORRO WINS MINERAL DISPLAY.

Socorro county carried off first honors today for the best and most complete mineral exhibit at the fair. The blue ribbon was closely contested for by Grant county, which won the second prize and a red ribbon. Santa Fe county with her mineral exhibit was awarded third prize and the yellow ribbon.

The Socorro county exhibit consists of more than \$12,000 worth of minerals and ores. It is perhaps the most elaborate ever shown at a state fair in the entire west. Socorro also won the blue ribbon for its gold exhibit and second prize, the red ribbon, for silver and copper exhibits.

Socorro county won two ribbons for its China copper exhibit, its silver and the famous Silver City mine and was second with its zinc exhibit, and judging the lumber, Socorro was to be a competitor outside tomorrow morning.

The agriculturist and fruit judges have started their work, and this will be finished until late tomorrow. This afternoon, long enough was given to the apple exhibit. However, all the various brands have not yet been judged.

Socorro county has won five ribbons, long red and one yellow, over the apple display, with a number of the various brands produced their best to be judged.

The fine arts exhibit awards will be completed tomorrow morning. The horses will also be judged Saturday, while the remaining awards will be completed.

The program at the fair started early this morning when the girls band of boys arrived at the armory, they paraded miles until noon and were all given an ovation. Although this band has been playing the same five months they play extremely well.

The girls' band, however, did not get to the armory.

CABINET CRISIS PRECIPITATED IN FRANCE BY RESIGNATION OF DELCASSE

Famous French Foreign Minister Quits Post and Premier Viviani Demands Vote of Confidence.

BRITISH CABINET MAY TRY CONSCRIPTION

Declared that Momentous Decision May be Reached Today in Cabinet Council. Little Change on any Front.

(By Evening Herald Leased Wire)

Paris, Oct. 13 (9:25 p. m.)—The chamber of deputies this evening adopted a resolution of confidence in the government. The vote was 372 to 9.

Petropoli, Oct. 13 (11 a. m., via London, 1:30 p. m.)—Another striking victory has been won by the Russians on the southern front in eastern Galicia. They have pierced the last line of Austrian defenses on the Strypa river and stormed one of the strongest points on the Austro-German right flank.

(By Evening Herald Leased Wire)

National League Park, Philadelphia, Oct. 13.—The Boston Americans are the world's champions of 1915. The Red Sox defeated the Philadelphia Nationals by a score of 3 to 1 here today in a game which was nip and tuck until the finish. Twice the Philadelphians took the lead, only to be tied, and Harry Hooper finally clinched it for the American league champions by smashing a home run into the right center field stands. It was Hooper's big black bludgeon that put the Red Sox across as winners. The California boy smashing out two home runs during the game. Dally Lewis was another hero, for Boston, his home run shot in the eighth inning sending in a run ahead of him and tying the score when it looked like a Philadelphia victory.

The official score:

Boston—AB 32 H 30A E

Hooper, 4 2 3 2 0 1

Scott, 3 0 0 2 2 0

Speaker, 3 0 0 1 3 0
